“There’s a language that goes far beyond words”

# AMÉRICA ALMODÓVAR

I was born in Santo Domingo, Dominican Republic, the 27th January 1997. Since I was a little girl, art and design have been growing up with me. In my last years at high school I made some courses like advertising design, editorial design, draw and other ones in Casa Chavón at Santo Domingo. I'm graduated from the French alliance in Santo Domingo, and I know a little of Portuguese too, learning languages is like an adventure to me.

I started my professional studies at the recognized school of design Altos Chavón School of Design in La Romana with good results in my first year. Now I'm making my second year in Communications Design. Always with my mind open and maintaining a calm and organized personality i have so much expectative for my future in very different way.
